NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1: NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed by Volunteer Interfaith Caregivers Southwest are described below to enhance the usefulness of the financial statements to the reader. The objective of the organization is to build community through living faith, by helping frail, elderly and health-impaired people in the southwest Houston and northwest Houston areas remain independent, seek health care, and preserve their quality of life. Unlike the financial statements of profit-motivated entities, this report places primary emphasis on the stewardship and use of assets rather than income determination.

Reporting Entity

Volunteer Interfaith Caregivers Southwest is a Texas Non-Profit Corporation incorporated on January 10, 2003. Prior to that date the organization operated as an unincorporated non-profit organization, which began in 1994. The organization operates exclusively for charitable purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code. Beginning in 2016, the organization began using the dba name "Senior Rides and More", and continues to use that name currently.

Income Taxes

Volunteer Interfaith Caregivers Southwest is exempt from Federal income taxes under Section 501(a) of the Internal Revenue Code. The Internal Revenue Service has determined that the organization qualifies as a public charity and is not a private foundation within the meaning of Section 509(a) of the Code.

Cash and Cash Equivalents

Cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash, and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates.

Donated assets, facilities and services

Donated fixed assets and use of facilities are recorded as revenue in the financial statements. Donated services are recorded as revenue only if the services require specialized skills, are provided by entities or persons possessing those skills, and would be purchased if they were not donated.

Estimates

Management must make estimates and assumptions to prepare financial statements in accordance with generally accepted accounting principles. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, reported revenue and expenses, and the allocation of expenses among various functions. Actual results could vary from the estimates that were used.
